

DESIGNERS WANTED FOR PARK(ING) DAY YQR 2018

Park(ing) Day is an annual global event where citizens, artists and activists work together to temporarily transform metered parking spaces into temporary public places.

Regina Downtown BID and Regina's Warehouse BID are proud to host up to 12 Park(ing) Day spaces in both Downtown and the Warehouse District.

We are looking to the design community for the most interesting, innovative and sustainable designs imaginable!

If you have an idea for an amazing parklet, we want to see your design entry by June 30, 2018. RDBID and RWBID in conjunction with a select adjudicating committee will select up to 12 entries for temporary construction on Park(ing) Day 2018. Selected designers/design teams will be given \$200 to turn their idea into reality on September 21, 2018.

ENTRY DETAILS FOR 2018

JUNE 30 — ENTRY DEADLINE

JULY 1–JULY 15 — ADJUDICATION PERIOD

JULY 31 — NOTIFICATION OF SELECTED DESIGNS

SEPTEMBER 21 — PARK(ING) DAY EVENT

Park(ing) Day began in San Francisco in 2005, evolving into a global movement to call attention to the need for more urban open space.

Enter a design for your parklet utopia

DESIGN PARAMETERS

Entries are welcomed for either single or double parking spaces. A single parking space is approximately 9'x20'. A double parking space is 9' x 40'.

The selected parking spots for Regina Downtown are on the south side of the 2400 block of 11th Ave. in front of the Somerset block. Businesses adjacent to the parking spaces include Norwood Clothing, Tiki Room, Rouge Night Club, and Mortise and Tenon.

The selected parking spots for Regina's Warehouse District are 8th Ave. & Hamilton St. and the 2300 Block of Dewdney Ave.

Please keep these points in mind for your parklet:

- Pedestrian and bicycle oriented needs on the block
- Environmental conditions –sun, shade, wind
- Incorporation of sustainable/recyclable materials
- Don't use live ground cover (grass/sod). Be creative and find other means to increase interest in your parklet.
- Your design should have a sense of enclosure and must be visible to oncoming traffic.
- Ideally you will include seating for pedestrians in your design to encourage people walking by to enjoy the parklet and engage with others within the space.
- No open flames...that means no fire pits!
- You must incorporate a sign that indicates that your parklet is a Park(ing) Day installation and includes: the RDBID or RWBID logo, the name of your parklet/installation, a short concept statement and the designer's names/logos.
- Your installation should be complete and open to the public by 10am on Friday, September 21. We ask that it remain open until 3pm. Designers are responsible for decommissioning and clean up of the parking space.

- RDBID/RWBID will provide funds to feed the meters throughout the day.
- Please remember that this is a one day temporary installation. It should be installable and removable in one hour or less.
- At least one member from your team must be on site for the duration of the installation.
- RDBID/RWBID will have staff representation at all locations to assist where needed.
